"ALUMNI CHAPTERS"

"For want of a nail, a shoe was lost. For want of a shoe, a horse was lost. For want of a horse, a man was lost. And for want of a man, a battle was lost . . . " The basic principle behind this familiar quotation has a direct application to the fraternal world. Like the battle that was lost for want of a nail, an entire fraternity's foundation can be weakened or destroyed for want of active, participating alumni members and active alumni chapters. Alumni chapters are like the roots of a tree . . . from these roots the active chapters draw strength, guidance. Fraternities must have good, strong alumni chapters from which to draw national officer candidate material, so necessary to the successful operation of the organization."
